About Mrs. J in the Library

I'm a teacher-librarian with over a decade of experience teaching information fluency and research skills to elementary students.

I believe teacher-librarians and library spaces should inspire and empower students to create, as well as read, research, and think critically. I teach with literature-based activities in K-2 classes and library centers in grades 3-5, in addition to teaching collaboratively with classroom teachers and managing my library's physical and digital spaces. You can find me online at [Mrs. J in the Library](#), and on social media.

Because every library and every school is different, all my products are editable so that my customers can modify them for their students' needs. If you have any questions about one of my products, please don't hesitate to [contact me](#).
